

Be a Partner in Larimer County's Suicide Prevention

Dear community member,

Thank you for your support of the Alliance for Suicide Prevention. Suicide prevention cannot be done by one person, or even one organization. It truly takes a community, which is why your support is so crucial. The behavioral health landscape has consistently improved over the last few years. Which is a testament to our work and the great partnerships that exist throughout our community. So, thank you for doing your part! To keep that momentum going we need your support!

All of the services we offer are completely free, which is why we rely on grants and donations. All sponsorship goes directly into ASP's programming to provide our community with adult and youth suicide prevention trainings (Hope For Today, QPR, and REPLY), population specific suicide prevention trainings for veteran and LGBTQ+ serving organizations, support groups for those bereaved due to suicide, and community coordination work and strategic planning aiming to reduce Colorado's suicide rates by 20% by 2025. The impact of your contribution is invaluable to our organization and will be making a difference in the lives of many of our community members, especially those who are silently struggling. Your donation enables ASP to remove financial barriers from the table and keep all programming completely free of charge. All donations made to our organization are tax-deductible based on our 501(c)3 status. We greatly value your partnership and thank you for being a supporter of mental health in Larimer County. Be a Partner in Larimer County's Suicide Prevention

Sincerely,

Scott Smith, MSW, Executive Director
